ENGR. SHAFIQ UR REHMAN

Introduction Of Engr. Shafiq Ur Rehman

I have graduated from Sir Syed University of Engineering & Technology, Karachi. He has done Master of Engineering from NED University of Engineering & Technology, Karachi. I have also study the Doctor of Philosophy in Electronic Information System Engineering from Nanjing University of Astronautics and Aeronautics (study duration Four months and I have gotten marks 3.82) and NED University of Engineering & Technology. I have gotten first position in the Master of Engineering. My own research papers acceptance all over the world Five hundred and Sixty Nine Research Papers till today.I have more than Seventeen hundred Twenty four Guinness Book of world record (It is mine view about my Guinness Book world) but it needs to register. I have more than twelve years teaching experience. I have organized more than eight exhibition in the world of science and technology. Three years industrial experience in the largest industrial organization of the world of science and technology.

He is the pioneer of Hybrid Engineering, Hybrid Education, Hybrid Management, Hybrid Aircraft, Hybrid Submarine, Hybrid Energy Managements System, Hybrid Economic Management system, Hybrid Window system, Hybrid operating system, Hybrid law of Thermodynamics, Modification of Theory of Relativity, Hybrid Hovert Law and many other theory of biological and physical science and technology. He has also work Largest Industrial Organization of Pakistan, Pakistan Steel. He has more than eleven years also teaching experience. He has also three practical experience in industries of Pakistan Steel and Mobilink Orascome and Santech for solution. The most important breakthrough of cancer tumor growth obliteration expanding musical sound waves technology. He also introduced the technology of the hybrid craft. He also broke the theory Albert Einstein's and also modified the Albert Einstein's. He also modify the theory of Noble Prize Winner Mohammad Younus.He also design an innovative algorithm of the Earthquake Detection Asian and world. He also introduced more than four hundred new patents and field in the world of science and technology. His research has been accepted all over the world of science and technology. His Research Papers Acceptance more five hundred Twenty Nine and more than twenty research papers has been published. He has set seventeen hundred twenty four Guinness Book world Records but these world record registration needed. He is pioneer of Hybrid Technology, management, ethics and other many things involved.

The Designer Can Conquer The World

The main purpose of this course design of resume is to design renewable energy based projects with respect to understanding the basic knowledge of important of electronics and electrical engineering. This course would be help to make projects of the electronics and electrical founded. The course learning outcomes would be make the hardware and intensifying software also. The Pakistan hybrid course is totally based on theoretical and experiment analysis based. This course would educate and aware the knowledge is to help also design of Renewable Energy based development. This would be help to make the precision of power of electronics design of power supply system. These course would be very helpful for the spacecraft, aircraft, submarine and helicopter engineer for relevant renewable energy. There are (33) thirty three international research and Development organization membership of the world of science and technology. In this research work, We first time introduction the mind control based electrical switching mechanism system for the people of the world.

This develop is introducing first time in the history of the electrical technology world. The mind control fridge basically consist of three control system which are user control, slave control and Master control system. These three control system is connected with the neural network of the people world. The system consist of transmitter and receiver which is called transceiver. The mind is autonomously connected with fridge controlling system. This system basically define the different level of sensing of the reflection from surface of the bulb then it would be automatically operate according to the instruction of user. This fridge system has ability to define the thread of the light intensity of the eyes then the bulb and other define equipment would be on autonomously. The straightforward purpose of this research for the help of old age people not only but also other disabilities found realm populate. The all system is connected with wind energy system. The electrical switching mechanism is also based on wind and Solar energy. This is the backup system of the current system of Karachi electric and WAPDA.

He is the number one researcher in world of biological and physical science of the world. He has been brought revolution in the expanding hybrid technology with the fourteen dimension of the research and development whether it is natural Science and Artificial science. He is king of the research of science and technology both. He brought revolution in the field hybrid technology for the Pakistan hybrid Asian World. The Pakistan Hybrid World give the innovative theory.

Pakistan Hybrid Pioneer of Electronics Flags

He is pioneer of Electronics Hybrid flags. These flags are working on the principal of renewable energy of the system of the world of science and technology. These would fly expanding solar, wind and geothermal energy and hydroelectricity principle.

Pakistan Hybrid Pioneer of Earthquake Detection and Broadcasting System

He is pioneer of mathematical model based hybrid earthquake detection model of the Pakistan Asian model of the world This model are working on the principal of queening theory based of the system of the world of science and technology. These model would be runs expanding solar, wind and geothermal energy and hydroelectricity principle.

Pakistan Hybrid Pioneer of self-made Poverty Reduction of the World People Expanding Their own Resources Utilization of the World

He is the pioneer of the world Poverty Reduction of the World People expanding their own Resources Utilization of the World. There is no need of loan just like microfinance system for the Mohammad Yunus .There is no need of theory in the world of science and technological world. There is no need of guarantee

➤ Pakistan Hybrid GDP Profession Impartial

Pursuing a Challenging and career oriented position with growth-oriented organization where my design skills, experience and research will be utilized for betterment of the organization. The human being can be create own world expanding technology. The designer can conquer the world of science and technology in the latest research. The human being has its own obligation which based on honesty, discipline, faith and unity but unity is the right way to develop the nation in the world. The straightforward determination of an Engineer is to serve nation and make an extraordinary own homeland in the world of science and technology. The best service of mankind is to love with its motherland. The challenge makes people perfect of the world which never be loss but its change the methodology of the world. The day by day work and experience can be change the methodology of the research and development.

➤ Pakistan Hybrid GDP Career Independent

The basic purpose of mine is to variety the Pakistan Eight Super power of the world. The designer can create stage of the Super power in the world of science and technology. I have ability to design hybrid Structure of the aircraft. I have capability mobilization natural and artificial resources according to the Circumstances and situation of the world behavior and atmosphere of the world. I have also excellent record of both academic and industrial development projects which can be minimize the result of the financial assessment of the world just like shut down of American style but my policies are extra-ordinary conferring to research and development expanding the hybrid Economic development resolution of the world.

➤ Pakistan Hybrid GDP Profile

- Has an excellent technical aptitude, hardworking, result oriented.
- Best Communication skills, adaptability to change and ability to learn quickly.
- Classical analytical and problem solving skills.
- The problems solving designing
- Design of Engineering Projects and Creative Skill of Development
- Design of social methodological background of the world.
- The design of Earthquake Engineering and Civil Engineering structure building methodology
- The design of World best internal Protocol No.08
- The Design of World Best Protocol Number No.09 & 10.

➤ Pakistan Hybrid GDP Researcher and Developer

In the field of research and development, we need to improve the technological thinking of research and development in the field of hybrid technology. I am the pioneer of the Hybrid technology of the every field relevant; I am most quick research developer and quick thinker in the world of science and technology.

➤ The Pakistan World Hybrid Designer

In the field of design and process of the world. The designer can learn and understand the task of the research, development, process and according to the situation of the world technological point of view. I am the one of the world best researcher and developer of the world of science and technology.

Academic Qualifications (in Chronological Order)

Certificate / Diploma / Degree	Main Subjects	Name of School /	Year of Passing	Grade / Division/CGPA
--------------------------------	---------------	------------------	-----------------	-----------------------

The Designer Can Conquer The World

		College / University/ Board		
➤ Ph.D. in Electronic and Information Engineering System Chinese Govt. Scholarship	Advance Engineering of Electromagnetics, Numerical Method for Electromagnetic, Chinese Language & Aeronautics and Astronautic	➤ NUAA(CEIE)		Advance Engineering Electromagnetics=89/100 Numerical Method for Electromagnetics=91/100 Chinese Language=87/100
➤ M.E(Telecommunication) With Research Based Project	Probability and Random process, Mobile Telephone system, Information and Theory, RADAR ,ADSP and TMN e.g.	➤ NEDUET	2011	3.69 CGPA 1 st Position in 2011 Examination
➤ BS (Electronics)	Industrial Electro, Advance Comm,Navigation and Aids,DCS,DSP,CNDC-I&II,EMF-1&II.e.g	➤ SSUET	2007	1 ST DIVISION/72%
➤ H.S.C (Pre-Engineering)	Phy,Maths,Chem	➤ BIEKHI	2001	1 ST DIVISION/61%
➤ S.S.C(Science)	Phy,Maths,Chem, Biology	➤ BSEKHI	1999	1 ST DIVISION/72%
➤ Graduate Assessment Test Cate-A	Gate General Test	➤ NTS	2013	65 % Percentile

➤ **Pakistan Hybrid GDP Design of Manual**

I have also developed a manual for the students of undergraduate and diplomat levels for basics electrical engineering which based on totally mathematical and theoretical analyzed. I am person who investigated both things in Engineering students for Electronics/Electrical/Bio-Medical/Computer Engineering. The amplifier and Oscillator, Basic Electronics Engineering, Basic Electrical Engineering, Mathematical Laboratory,

➤ Pakistan Hybrid GDP Working Experience

- I worked as an Instructor of Electronics in AIT February 2011 to February 2012.
- 1 ½ teaching experience as an Instructor in NICE
- Year working experience as a Telecommunication Engineer in SANTECH.
- One year training by NIP (National Internships Program) at Pakistan Steel (COBP) Automation and Control Section.
- Three months Training at NIDA by BBSYP (Government of Pakistan) in Reverse Engineering.
- 5 Months working experience Orascom (Mobilink) EPTSC as a Hotline Administrator officer.
- 6 Months teaching Experience as a Lecturer in PIMSAT.
- I am currently working as a lecturer at Telecommunication Engineering Department at SSUET since Feb 2012.

➤ Pakistan Hybrid GDP Erection Work

I have also work experience erection work and laying Pips and maintenance and develop of a plant Correct Placement of Instrument because most of Mobilink Erection work is not good because of Erection work.

➤ The Pakistan World Hybrid Designer

In the field of development and progression of the world. The Pakistan can learn and understand the task of the research, development, process and according to the state of affairs of the world scientific point of interpretation. I am the one of the world best researcher and developer of the world of science and technology.

➤ Pakistan Hybrid GDP Technical Skills

- Installation experience of different Operating systems & Software.
- Installation of parameters of industries Flow, Temperature, Pressure and Levels .These parameters are used every kind of industries.
- Fault detection of parameters.
- Technical Drawing reading and installation of instrument according to parameters and many others.
- Design of Plant Automation and Control Plant of Distributed Control System Based
- Design of Parameters of Equipment
- Design of hybrid Filter
- Design of Oscillator
- Design of Pneumatic and hydraulic Based Equipment
- Design of active and Passive Circuits For High and Low Frequency
- Design of Filter for Hybrid Method of FEM and FDTD for High Frequency Selective Surface
- Design of FDTD method based Shock Absorber Damping Force Testing Machine Based Analysis
- Design of Rectangular Waveguide
- Design of Power Supply Expanding Active and Passive Components

The Designer Can Conquer The World

- Fault Detection of Coke Oven By Product Plant
- Satellite Payload
- World Geomagnetic Model
- International Geomagnetic Reference Field /model
- Rectangular Waveguide
- Ammonia Liquor Parameters Plant Design of pneumatic and hydraulic component
- Design of fridge Backup reversible system
- Design of Renewable Energy Backup battery system
- Design of solar Energy System
- Design of Wind Energy Design
- Design Hybrid energy System

➤ **Pakistan Hybrid GDP Pakistan Hybrid Software Skill**

- ✓ Matlab
- ✓ Multisim
- ✓ Minitab
- ✓ Auto Cad
- ✓ Solid Edge
- ✓ Orthographic and Isometric
- ✓ PLC (Siemens step-7 400}
- ✓ Installation of PLC (Siemens step-7 400}
- ✓ Advance System Design 2009
- ✓ High Frequency Selective Surface 13
- ✓ Rcad
- ✓ Model Air Design
- ✓ Any logic
- ✓ Cisco Packet Tracer
- ✓ Eagle 6.1

➤ **Pakistan Hybrid Thesis Based Projects**

- ✓ Broadcasting System (B.E Final year Project)
- ✓ The Design of Shock Absorber Damping Force Testing Machine (M.E Thesis based Project)
- ✓ The Automatic Mobile Vehicle Guided System.
- ✓ Temperature Controller with Dual Power Supply
- ✓ The Research Papers and Projects list attached below.
- ✓ I have supervised and Co-supervise more than twelve projects.
- ✓ I have supervised more than 100 projects in my Imagineering Power, Engineering Exhibitio

➤ **Pakistan Hybrid Working Experience**

- ✓ Design of Hardware required in the Project Studying
- ✓ Fault Detection and Report Writing
- ✓ Capability of reading Electrical and Mechanical Drawing
- ✓ Identification of Different Electrical and Mechanical Codes
- ✓ Capability of reading Electrical and Mechanical Drawing
- ✓ Capable of connect and operate Micro Processor System.
- ✓ Worked experience of six months in Pay Phone Company.
- ✓ Erection work of Coke Oven Battery No.02 and By Product Plant of COBP
- ✓ Drafting and designing
- ✓ Development of design parameters
- ✓ The Distribution Control System based Machine
- ✓ SCADA Based Design Parameters
- ✓ Installation of Step-7 400 at Pakistan Steel Coke Oven By Product Plant
- ✓ Designing of Different hybrid System for Electrical, Mechanical

➤ **Pakistan Hybrid Research Areas**

- ✓ Finite Difference Time Domain Method and Finite Element Method
- ✓ Electromagnetic Compatibility
- ✓ Seismology
- ✓ Cognitive Radio Network Using MIMO
- ✓ Underwater Wireless Sensor Network
- ✓ Wireless Sensor Network
- ✓ Electromagnetic Inference Flywheel Converter
- ✓ The Design of Shock Absorber Damping Force Testing Machine
- ✓ Aerodynamic System Design
- ✓ Earthquake Engineering
- ✓ Buried Human Body Detection Expanding Microwave
- ✓ Hybrid Filter Method
- ✓ Alternative Energy Resources (Wind, Solar, Geothermal, Hydroelectricity, Salt Energy)
- ✓ Radar Detection with Multiple Ways
- ✓ Economic Management

✓ **Pakistan Hybrid Exploration Capacities**

- ✓ Energy Management System
- ✓ Challenges Interests Area
- ✓ Wireless Communication (GSM, CDMA, FDMA, TDMA WLL)

The Designer Can Conquer The World

- ✓ Cell Planning
- ✓ Propagation Models
- ✓ Grade of service
- ✓ Development of any plant related to Production of COKE Oven Plant
- ✓ Fault Management of TMN
- ✓ Waveguide
- Tracked Scan While Radar
- ✓ Microwave Antenna
- ✓ Metamaterials
- ✓ Water Management System

➤ Pakistan Hybrid Personal Skills

- Punctual, Hard Working & Professionally devoted to assigned tasks
- Ability to learn things quickly and work as a team player
- Ability to handle the work load & to act professionally under unfavorable circumstances
- Good interpersonal Communication Skills
- Simplify the nature of work.
- Flexible attitude to handle the situations.
- Troubleshooting and analytical skills.
- Superlative communication and team-building skills.
- Ability to manage multiple tasks in a pressured environment.
- Dedication and drive as a hard-working individual
- Design of anything with respect to circumstances (Allah gifted Ability)

Dream	:	To make Pakistan World No.01 in the Research and Technology
Favorite Place	:	Anywhere there is no discrimination, hate and no caste system

The Designer Can Conquer The World

Afraid of : Allah and Descriminist People of the World
Creation : Hybrid Economy, Hybrid Thinking, Hybrid Law of Dynamics Hybrid Craft

➤ Pakistan Hybrid Organized Exhibition

I have organized six exhibitions at university level which are given below. I am also pioneer of Telecommunication Engineering department Exhibition of Imagineering Engineering and Imagineering Power Engineering Exhibition.

- Power Engineering and Designing Exhibition
- Interdisciplinary Exhibition
- Circuit Network Exhibition
- Communication System Engineering
- Power Amplification and development Exhibition
- Circuit Designing Application based Exhibition
- Designing of Amplifier and oscillator Circuits
- The Oscillators design
- The Power supply design
- The Internet Protocol Eight Design
- The Polyphase circuits design
- The two port Network Design for high Frequency Surface

➤ Pakistan Hybrid World Technology

I am also pioneer hybrid technology. I am also give the vision of the world to think about the methodology of hybrid education system, hybrid technology in the aerospace, aircraft and other technological world of the Engineering science and technology of the world. I have written more than 100 article in the year of 2018 on the hybrid technology based which are accepted all over the world of science and technology.

I am also pioneer hybrid economic management technology. I am also give the vision of the world to think about the methodology of hybrid education system, hybrid technology in the aerospace, aircraft and space craft, Hovet craft and other technological world of the Engineering science and technology of the world. I have written more than 100 in one year article on the hybrid technology based which are accepted all over the world of science and technology.

➤ Pakistan Hybrid World Economy System

- I also presented the hybrid management system for world .I am also pioneer of the hybrid economy management system.

➤ Pakistan Hybrid World Education System

- I also presented the hybrid education system for world .I am also pioneer of the hybrid education management system.

The Designer Can Conquer The World

➤ Pakistan Hybrid World Psychology System

- I also presented the hybrid psychology system for world .I am also pioneer of the hybrid psychology management system.

➤ Pakistan Hybrid World Cinema System

- I also presented the hybrid Banking Investment system for world .I am also pioneer of the hybrid cinema management system.

➤ Pakistan Hybrid World Banking Investment System

- I also presented the hybrid Banking Investment system for world .I am also pioneer of the hybrid banking investment management system.

➤ Pakistan Hybrid World Examination Testing System

- I also presented the hybrid Examination Testing system for world .I am also pioneer of the hybrid Examination Testing system.

➤ Pakistan Hybrid World Banking Investment System

- I also presented the hybrid Examination Testing system for world .I am also pioneer of the hybrid Examination Testing system.

➤ Pakistan Hybrid World Earthquake Detection System

- I also presented the hybrid earthquake detection system for world .I am also pioneer of the hybrid earthquake detection system.

➤ Pakistan Hybrid World Aircraft Detection System

- I also presented the hybrid Aircraft system for world .I am also pioneer of the hybrid aircraft system.

➤ Pakistan Hybrid World Submarine System

- I also presented the hybrid submarine system for world .I am also pioneer of the hybrid submarine system.

➤ Pakistan Hybrid World Submarine System

- I also presented the hybrid spacecraft system for world .I am also pioneer of the hybrid spacecraft system.

➤ Pakistani Hybrid Modification of Theory of Relativity System

- I also presented the Pakistan hybrid Modification Theory of relativity system for world .I am also pioneer of the hybrid Modification Theory of relativity system.

➤ Pakistan Hybrid World Vision For Social Media

The Designer Can Conquer The World

I have spoken to anyway hybrid on-line networking can use as a way higher web-based social networking for the earth of science and innovation world. The boss officer of the Instagram would possibly really wish to accumulate new pattern twitter with encourage of country algorithmic program. The primary motivation behind this examination is to energize the individuals of the hybrid connected what's the precise clarification for the human beings within the realm. The essential goal is to bring correspondence of most up-to-date pattern within the planet. The video conferencing workplace ought to be used, the pdf, document page should be exchange somewhat like new universe of technology. The pdf record ought to be demonstrate somewhat like image. Try alternative Relevant Tools. This tools include twitter and Facebook social media.

➤ Pakistan Hybrid World Vision

In the future world, we need to upgrade our technology utilization of our hybrid resources according to the circumstances of the world. There are many races are going on but we have to careful about the hybrid cyber war with respect to the world of science and technology. My vision is the Pakistan vision how can be increase the economy expanding hybrid Technology. How can we reduce the poverty of world expanding hybrid technology enhancement in the world.

➤ The Pakistan Hybrid Home For The World

We presented methodology for the poor people of the world who do not have home for Living purpose, they have to together for sake of home, they can build the nation of world expanding hybrid technology of the world of science and technology also and their home. They can build their life with themselves. One hundred billion people opened account in one bank this is the sharing bank system for the home. This is the big amount which would be earn money in daily basis. This methodology of houses can change the world.

➤ The Pakistan Hybrid Banking Investment System For The World

I proposed the hybrid banking investment system for the world of science and technology expanding people of the world money. This system use for the building of Pakistan people. In this work, we build the life of the poor people investment of little amount of money. They can build their home expanding the technological aspects of the world. This research work can accommodate the daily food, living expensive and other domestic needs according to requirement of the poor people of the world. Trendy article would motivate the people of the world towards Shafiq Ur Rehman banking investment method of the world.

➤ The Pakistan Hybrid Selected Interview For Vice Chancellor Selection

I am also selected for the post of vice chancellor at Institute of Space and Technology. The Institute of Space and Technology is the one of world best university in the public sector in the world of science and technology.

➤ The Pakistan Hybrid Excellence For The Realm Era

- [1] Trust in Almighty Allah (God)
- [2] Love for People of World
- [3] Service of human being Hybrid Technology

The Designer Can Conquer The World

- [4] Stand like a one man Army in the World
- [5] Honest with Job
- [6] Honest with Mankind
- [7] Honest with Research and Development
- [8] To reduce the uncertainty of world people from unscrupulous people of the world
- [9] To develop and design best Hybrid space craft
- [10] To develop and design best Hybrid Aircraft
- [11] To develop and design best Hybrid Submarine
- [12] To develop and design best Hybrid Helicopter
- [13] To develop and design best Hybrid Ship craft
- [14] To develop and design best Hybrid Hovercraft
- [15] To develop and design best Hybrid World Craft
- [16] Trustworthy
- [17] Hybrid Way sophisticated
- [18] The ability of thinking according to circumstances of the world
- [19] Multitasking System capability
- [20] Research and Development Aptitude
