

Teaching Artist Training & Internship Program

## *Letter In Recognition of Course Completion*

June 11<sup>th</sup>, 2015

Lawrence Malu  
P.O. Box 350297  
Jamaica, NY 11430

Dear Lawrence,

Congratulations on completing Community-Word Project's 2014-15 Teaching Artist Training & Internship Program at the New & Beginning Level.

This letter of completion confirms that you have participated in a total of **61** seminar hours dedicated to developing innovative teaching methods and standards-based arts exercises, as well as classroom management. It also recognizes your fulfillment of all required course work which included creating and implementing a lesson plan and designing a teaching path (comprehensive curriculum plan). Under the guidance of Community-Word Project Mentor Teaching Artists, you completed an internship of **15** sessions at one of our New York City public school partnership sites.

As the field of Teaching Artistry expands in the arena of educating our youth, it is essential to have artists with talent and integrity being professionally developed to take this work to students in an ever-more thoughtful and prepared manner. You have demonstrated depth and commitment both to your professional development as a Teaching Artist and to helping bring the arts to youth in under-resourced communities by undertaking this course. Community-Word Project commends your effort and spirit.

We are pleased that you joined our community and wish you the best as you continue to grow within the arts-in-education field and in your creative pursuits.

Sincerely,

Patti Chilsen

Assistant Program Director, Training + Evaluations
